A TREMENDOUS BLAZE

Twenty Five Blocks Destroyed by
Fire at Paterson, N. J.

TEN MILLIONS LOSS.

Nearly All the Public Buildings, Busi-
ness Houses and Churches Are
Destroyed—Fire Raged for
More Than 12 Hours.

Paterson, N. J., Feb. 10.—A great
fire swept through Paterson Sunday
and its desolate wake are the embers
and ashes of property valued in pre-
liminary estimate at \$10,000,000.

It burned its way through the busi-
ness section of the city and claimed as
its own a majority of the finer struc-
tures devoted to commercial, civic, ed-
ucational and religious use, as well as
scores of houses. There was but small
tribute of life and injury to the conflag-
ration, but hundreds were left home-
less and thousands without employ-
ment.

A relief movement for the care of
those unsheltered and unprovided for
was at once organized and Mayor John
Heuchelcliff said that Paterson would
be able to care for them without appeal-
ing to the charity of other communi-
ties and states. The great manufactur-
ing plants of the place are safe and
the community, temporarily dazed by
the calamity, has already commenced
the work of reorganization and restora-
tion.

The fire began at midnight Saturday
night and was only checked after a
desperate fight that lasted until late
Sunday afternoon. Every city and
town within reach of Paterson sent
firemen and apparatus to the relief of
the threatened city and it took the
united efforts of them all to win the
battle.

A northerly gale gave the conflagra-
tion its impetus and carried its burn-
ing brands to kindle the blaze afresh
at other points. The firemen made
stand after stand before the wall of
fire, but were repeatedly driven back
and when victory finally came to them
they were grimed and exhausted.

The public buildings destroyed were:
city hall, public library, old city hall,
police station, engine house No. 1, pa-
uol stables, high school and school
No. 10.

Baptist, Park Avenue Baptist, St.

who is said to have been over 80
old. It was said that her death

Scores of persons were hurt
burned, but none known to be seri-

There are many persons supposed
to be missing, but in the excitement

to be separated from their families
and friends.

Chicago Theater Fire.
Chicago, Feb. 10.—The Orpheon
theatre on Washington street, opposite
the city hall, was damaged by fire Sun-
day afternoon to the extent of \$30,000.
The flames spread with such rapidity
that the attaches of the theatre and
hotel tailors, who were in the build-
ing when the fire started, were over-
come by smoke and severely burned
before they could be rescued by the

direction. None of them will die. This
is the third time inside of six months
that the theatre has been on fire.

The Brooklyn Fire.
New York, Feb. 10.—An official es-
timate of the damage done by the fire
which destroyed the plant of Shadbolt
Manufacturing company in Brooklyn
Sunday fixes the loss at \$300,000.
Fourteen people were injured and
taken to the hospitals and a number
of others were attended by ambulance
physicians on the spot.

FELL OVER A PRECIPICE.

Mother and Daughter Blown from a
Cliff and Mother Killed.

New York, Feb. 10.—Mrs. Elwood P.
Eichenon of Morristown, N. J., took
her 14-year-old daughter Mabel and
Alberta Collins, a neighbor's child, to
Green Pond to see the forest fires on
Copperas mountain. They climbed a
steep hill to get a better view, and
stood near the edge of a cliff with a
sheer drop of 200 feet.

The wind was blowing a gale, and
Mabel walked toward the edge of the
cliff. The child's skirts were caught
by a violent gust of wind and she was
carried along, despite all her efforts to
stop.

Mrs. Eichenon saw her daughter's
peril and ran after her. Mabel was
blown over the edge of the precipice
just as her mother grasped at her
skirts. Mrs. Eichenon could not re-
cover her balance and both fell to the
rocks below.

The Collins girl ran for help and
men hurried to the foot of the cliff.
The mother's neck had been broken
and death must have been instantane-
ous. Mabel's arms were both broken
and she was otherwise badly hurt, but
she may live.

BIG IMPERIAL ARMY.

Great Britain a Move on Foot to Raise
Immense Militia.

London, Feb. 10.—The government
is understood to be contemplating the
desirability of raising an imperial ar-
my of considerable dimensions. The
idea is not a novel one, but it always
hitherto has been regarded by milita-
ry people here as impracticable. The
war office committee is now, however,
said to be seriously considering a
scheme for the construction of an im-
perial army by colonial aid instead of
leaving the young nations of the em-
pire to support only sufficient irregular
soldiers for local defense. There un-
doubtedly are a great many difficulties
in the way even if it were possible to
carry out such a project, the ties
which bind the mother country and the
colonies would be drawn tight indeed.

A Mysterious Murder.

San Francisco, Feb. 10.—A mysteri-
ous murder, resembling in some fea-
tures of the noted Durant case, is now
puzzling the police department of the
city. The body of Nora Fuller, a 16-
year-old girl, who disappeared from
her home Jan. 11, was found lying
naked on a bed in the upstairs back
room of an unfurnished house at 221
Sutton street, Saturday evening. The
girl had been dead some time, as de-
composition has begun. There was
nothing in the house to indicate the
means used to take her life, but the
posture of the body and its condition,
together with the disorder of the
room, indicate murder. An autopsy
disclosed that death was not due to
natural causes. The general theory is
that the girl was either strangled or
poisoned.

DeWet Escaped Again.

London, Feb. 10.—From Wolvehoek
Lord Kitchener telegraphed a long de-
scription of a combined movement of
numerous British columns with the
object of securing Gen. DeWet. Gen.
DeWet was encountered, but made his
escape. He ordered his men to dis-
perse when closely pursued and him-
self escaped. Kitchener says 233
Boers were killed, wounded and taken
prisoners. British loss only 10 killed.

Fatal Family Fight.

Chicago, Feb. 10.—Charles Davidson,
a printer, fatally shot his wife, Flora
Davidson, seriously wounded his
father-in-law, Peter M. Roberts, and
brother-in-law, Edward Roberts, and
was then beaten into insensibility with
a baseball bat by the wounded brother-
in-law. Davidson's wife left him re-
cently and was living with her mother
father.

ator Blackburn is still seriously ill
burned, but none known to be seri-
ly injured.

The Houston city council will pass an ordinance to prevent ex-
pectorating on the sidewalks, in
street cars, theatres, churches and
other public places. The ordinance
is the result of an agitation among
the citizens, and is one that should
be in force in every city, not alone
for its cleanliness, because that in
a measure it protects the health of
the people. Eminent physicians
have long since proved that epi-
demical diseases, and also the
dreaded consumption can be spread
and transmitted by the uncleanly
habit of spitting on the sidewalks
and in places where the saliva can
not be dissolved in dust. Take a
person suffering from a pulmonary
disease, and his saliva is permeated
with the diseased bacteria. The
saliva, lying in an exposed place,
will dry and be carried in powdery
particles, still containing the germs
of disease, through the air, to be
breathed into the lungs of healthy
persons and planting the seeds of
consumption there. Every city
throughout the West has anti-ex-
pectorating ordinances that are
rigidly enforced. San Antonio and
El Paso have them, and it is from
the San Antonio ordinance that
Houston is patterning hers. No
penalty will be attached to expec-
torating in the streets.—Halletts-
ville Herald.

Mumford, Feb. 5.—The farmers
are beginning to smile all over
their faces since the recent rains,
which have put the ground in good
condition for agricultural manipu-
lation.

Mr. Cockerell of Calvert pur-
chased the drug store of A. E.
White last week, while Mr. White
bought the restaurant and grocery
business of J. T. Simmons.

J. A. Mapp has gone to Indian
Territory on business. J. E. Hall-
man is representing him in his
absence.

Conductor Killed.

Iowa Park, Tex., Feb. 8.—A freight
pulled by a double-header, with Char-
ley Akers as conductor, stopped on the
main track just east of the siding at
Day Station, about 10 miles west of
Iowa Park Friday to repair a brass box
down about the middle of the train.
Mr. Akers went back to the caboose to
make out some reports while the crew
were completing the repair work. In
about 10 minutes an engine run by Mr.
Dewey, which was coming down for re-
pairs, crashed into Mr. Akers' train
and tore the caboose into splinters,
killing Mr. Akers almost instantly.

Want Philippine Tariff Reduced.

Washington, Feb. 8.—Before the
senate committee on Philippines, Gov-
ernor Taft introduced a cablegram he
had received from Acting Governor
Wright urging a reduction of at least
75 per cent in the tariff on Philippine
articles imported into the United
States from the Philippines.

Smallpox Epidemic.

London, Feb. 8.—With the in-
crease of the number of cases of small-
pox in London, the population is flocking
to the offices in order to get vaccinated
against the epidemic. In the case of
Lloyds no such plethora
of vaccinations was ever recorded as
on account of the present
epidemic.

CONGRESS THIS WEEK.

Senate Will Battle With Philippine Bill and House Varied Programme.

Washington, Feb. 10.—The Phil-
ippine question will continue to hold
foremost place on the senate calendar
during the present week, but there is
little probability that the Philippine
bill will be disposed of before the
close of the week. Democratic sena-
tors say they will require several
weeks' more time in which to consid-
er the measure. Senator Lodge, as
chairman of the committee having the
bill in charge, has not failed to im-
press upon them his intention of press-
ing it with the utmost dispatch con-
sistent with due consideration of so
important a measure. There are sev-
eral Democratic senators prepared to
speak on the bill.

Senator Quarles will report the the
permanent census bill before the Phil-
ippine bill is taken up, and will make
an effort to secure immediate consid-
eration. If he succeeds, the census bill
probably will alternate with the Phil-
ippine bill for a few days. The irri-
gation bill also occupies a place of van-
tage on the senate calendar, and with
the other bills mentioned out of the
way, will be pressed to the front.

On Friday Senator Penrose will ask
the senate to listen to eulogies on the
late Representative Brosius of Penn-
sylvania.

A varied programme confronts the
house for the coming week. Owing to
the absence of a large number of Re-
publicans who will go to different
points of the country to participate in
the celebration of Lincoln's birthday on
Wednesday, consideration of the bill
to repeal the war taxes will be post-
poned until next week. To-morrow
consideration of the oleomargarine bill
will be resumed. The passage of the
bill by a good majority is considered
assured. The committee on war
claims will have a day following the
disposition of the oleomargarine bill,
and the latter part of the week will
probably be devoted to consideration
of the Indian, postoffice or army ap-
propriation bills, and all of which are
expected to be reported earlier in the
week.

and Valuable Papers.

Aacworth, Ga., Feb. 10.—Safe-blowers
Sunday morning forced the vaults of
the Lemon Banking company here, se-
curing \$5000 in gold, a \$50,000 state
bond and a large amount of gold cer-
tificates. Between \$4500 and \$5000 in
notes, stock certificates and bonds were
hopelessly mutilated by the explosion,
and much currency and small bills de-
stroyed. A box filled with \$20 gold
pieces escaped the notice of the rob-
bers. The robbers had to blow through
four partitions to reach the money.

FOR CONGRESS.

R. E. PRINCE, of Navarro County, subject to the Kansas City Democratic platform and the action of the Democratic party.

SCOTT FIELD, of Robertson County, subject to the action of the Democratic primaries.

FOR REPRESENTATIVE.
We are authorized to announce J. L. FOUNTAIN as a candidate for re-election as representative from the 45th district (Brazos county), subject to the action of the Democratic party.

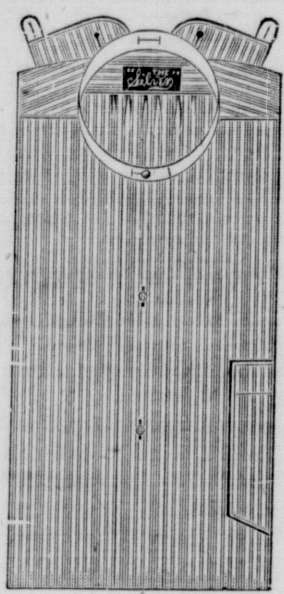

The Houston city council will pass an ordinance to prevent expectorating on the sidewalks, in street cars, theatres, churches and other public places. The ordinance is the result of an agitation among the citizens, and is one that should be in force in every city, not alone for its cleanliness, because that in a measure it protects the health of the people. Eminent physicians have long since proved that epidemic diseases, and also the dreaded consumption can be spread and transmitted by the uncleanly habit of spitting on the sidewalks and in places where the saliva can not be dissolved in dust. Take a person suffering from a pulmonary disease, and his saliva is permeated with the diseased bacteria. The saliva, lying in an exposed place, will dry and be carried in powdery particles, still containing the germs of disease, through the air, to be breathed into the lungs of healthy persons and planting the seeds of consumption there. Every city throughout the West has anti-expectorating ordinances that are rigidly enforced. San Antonio and El Paso have them, and it is from the San Antonio ordinance that Houston is patterning hers. No penalty will be attached to expectorating in the streets.—Hallettsville Herald.

Pure Air

You are careful of the purity of the water you drink, are you just as careful of the air you breathe? To keep air pure and to destroy disease germs you should use **CARBOLIC DISINFECTING POWDER** an ideal disinfectant, deodorant and germ destroyer. Being in a powder form it can be sprinkled anywhere. Price 25c per pound. Sold only at

Rev. I. Z. T. Morris of Ft. Worth
spent Sunday in Bryan and preached
Sunday morning at the Methodist
church. To an Eagle representative
Mr. Morris said: "My work in find-
ing homes for homeless children has
been wonderfully successful. I found
good homes for 87 children last year
and could have placed fifty more. I
am able to find more homes than
children, which proves that 'there is
a childless home for every homeless
child.' I now have four babies, 4 to
8 months old, two boys and two girls,
at my 'Home for the Friendless' in
Ft. Worth, for whom I am looking
for homes." Rev. Morris left yester-
day for Cuero.

HOME.

Blessed is the man whose home
so happy that its brightness
shines forth from his countenance
in the daily walks of life. I met a
gentleman once who is learned in
one of the professions. He had
been called away from his home
more than a hundred miles distant
in perplexing business, but the
salo of home hung about him. His
elegant-bearing, quiet demeanor
and well modulated voice and the
ociety he sought, proclaimed the
refined atmosphere of a home pre-
sided over by a wife of rare accom-
plishments and purity of character;
one who was his companion men-
tally and capable of keeping right
pictures always before him; one
who so attracted and entertained
him that the pleasures the world
may have offered him elsewhere
paled beside those mirrored in his
home. All this was apparent in
him, even to the casual observer.

It was my happiness later to
meet his wife, the true, tender and
noble, yet practical, woman who
had made his home a heaven here
below. She talked with fluency
upon various subjects from grave
to gay and frequently her laugh
rang out like the music of a
silver bell. She opened up her
heart a little and I saw from
whence the sunshine came—beheld
the glowing, radiating center of a
happy home. I knew her in a
moment; I had seen her picture
in her husband's eyes.

I knew another gentleman once
upon whom affliction lay heavily,
but the pain of his body was never
seen in his countenance. His face
was grave and peaceful when not
lit up by a smile. The balm of a
wife's love and tenderness was his
unmeasured, and the restfulness of
his sweet wife's ministering pres-
ence was to his soul a soothing por-
tion inhaled like the odor of
flowers. The years are growing
since his summons came to walk
the paths of light, and I think
nothing but divinity could have
improved his environment. And
now his grave, quiet eyes look
down continually from a picture
on the library wall of a home that
is a consecrated temple to his
memory.

"Sunny Side of Life."

The foregoing is the subject of a
lecture at Assembly Hall, A. & M.
College, next Saturday night, Feb-
ruary 15, under the auspices of the
Y. M. C. A. of College. This is one
of the finest lectures of the whole
course. A. R. Taylor, president of
the State Normal school, Emporia,
Kan., says of it:

The second entertainment in our
course was the lecture, "The Sunny
Side of Life," by Dr. James Hedley.
He held the rapt attention of the vast
audience for one and a half hours,
entertaining it with eloquent sallies
of wit and humor, and with most
wholesome and delightful pictures of
true contentment. For innocent fun,
for graceful tributes to noble man-
hood and womanhood, for exquisite
pathos, for sublime description, we
have seldom heard him equalled,
never excelled. The lecture is suited
to all ages and conditions, and ought
to be heard by every youth in
America.

Lecture begins at 7:30. Admission

Rev. I. Z. T. Morris of Ft. Worth spent Sunday in Bryan and preached Sunday morning at the Methodist church. To an Eagle representative Mr. Morris said: "My work in finding homes for homeless children has been wonderfully successful. I found good homes for 87 children last year and could have placed fifty more. I am able to find more homes than children, which proves that 'there is a childless home for every homeless child.' I now have four babies, 4 to 8 months old, two boys and two girls, at my 'Home for the Friendless' in Ft. Worth, for whom I am looking for homes." Rev. Morris left yesterday for Cuero.

HOME.

Blessed is the man whose home - so happy that its brightness shines forth from his countenance in the daily walks of life. I met a gentleman once who is learned in one of the professions. He had been called away from his home more than a hundred miles distant in perplexing business, but the halo of home hung about him. His elegant-bearing, quiet demeanor and well modulated voice and the society he sought, proclaimed the refined atmosphere of a home presided over by a wife of rare accomplishments and purity of character; one who was his companion mentally and capable of keeping right pictures always before him; one who so attracted and entertained him that the pleasures the world may have offered him elsewhere paled beside those mirrored in his home. All this was apparent in him, even to the casual observer.

It was my happiness later to meet his wife, the true, tender and noble, yet practical, woman who had made his home a heaven here below. She talked with fluency upon various subjects from grave to gay and frequently her laugh rang out like the music of a silver bell. She opened up her heart a little and I saw from whence the sunshine came—beheld the glowing, radiating center of a nappy home. I knew her in a moment; I had seen her picture in her husband's eyes.

I knew another gentleman once upon whom affliction lay heavily, but the pain of his body was never seen in his countenance. His face was grave and peaceful when not lit up by a smile. The balm of a wife's love and tenderness was his unmeasured, and the restfulness of his sweet wife's ministering presence was to his soul a soothing portion inhaled like the odor of flowers. The years are growing since his summons came to walk the paths of light, and I think nothing but divinity could have improved his environment. And now his grave, quiet eyes look down continually from a picture on the library wall of a home that is a consecrated temple to his memory.

"Sunny Side of Life."

The foregoing is the subject of a lecture at Assembly Hall, A. & M. College, next Saturday night, February 15, under the auspices of the Y. M. C. A. of College. This is one of the finest lectures of the whole course. A. R. Taylor, president of the State Normal school, Emporia, Kan., says of it:

The second entertainment in our course was the lecture, "The Sunny Side of Life," by Dr. James Hedley. He held the rapt attention of the vast audience for one and a half hours, entertaining it with eloquent sallies of wit and humor, and with most wholesome and delightful pictures of true contentment. For innocent fun, for graceful tributes to noble manhood and womanhood, for exquisite pathos, for sublime description, we have seldom heard him equalled, never excelled. The lecture is suited to all ages and conditions, and ought to be heard by every youth in America.

Lecture begins at 7:30. Admission 50 cents.

Dates shown are those on which tickets are for sale:
Laredo, February 21, Washington's birthday celebration.
San Antonio, Jan. 31 and Feb. 2 and 3, I. O. O. F. state meeting.
Waco, Feb. 20 and 21, Green's brigade reunion.
Dallas, Feb. 11 and 12, People's party convention.
New Orleans, Feb. 5 to 10, Mardi reunion at Dallas as much coas festivities.
ow excursion rates will be made rise to drink free of charge from the above occasions, full particular nish the men to brew the coffee at ticket agent or by address-bear the entire expense of the coffee and cream. They adopted this plan at the Memphis reunion and the innovation was greatly appreciated.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even the greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get all of Dr. G. G. Green's reliable remedies at the Wilson-Jenkins Drug Co.'s store, Bryan. KILLED A BURGLAR.

Helena, Ark., Feb. 8.—French Bruce of this city shot and killed a desperate negro burglar, who was identified as Charley Williams of Memphis.

Mrs. Bruce discovered the presence of the burglar in the house and awakened her husband, who secured a long unused pistol, and taking a light, found the negro in one of the rooms crouched behind a chair.

Mr. Bruce called on him to surrender and not to move on peril of his life. The negro for answer sprang at him like a tiger, but a well-aimed bullet struck him in the right breast. He bore Mr. Bruce to the bed, where a desperate struggle ensued. Being fatally wounded, however, the man finally turned and ran out of the house, another shot being fired at him as he ran. He stumbled and fell in the yard and then crawled under the house.

Mr. Bruce summoned Chief of Police Clancy, who secured medical aid, but it was too late. The negro died within an hour. He was a short, black, thick-lipped negro and was unknown to the police and those who viewed his body, until a negro barkeeper identified him as Charley Williams of Memphis.

Protest from Cattlemen.

Washington, D. C., Feb. 8.—Senator Bailey of Texas, S. B. Barnett, a Fort Worth cattleman, and others have protested to the interior department against the designation of April 1 as the time when new leases of over 400,000 acres of Kiowa and Comanche pasture land in Oklahoma are to go into operation, under a recent re-advertisement of bids for the leases. They want the leases operative Sept. 1. The department contends that a later date than that already fixed would be unjust to the lessees. It is proposed to divide this big tract into pastures averaging 22,000 acres each.

The Old Scale Adopted.

Indianapolis, Feb. 8.—A joint conference of miners and operators here ratified the old agreement without a dissenting voice. The report of the joint committee on scale was brief, stating merely the committee had decided unanimously on the old scale.

A BIG BANK FAILURE ELEVEN LIVES LOST

The City Savings Bank of Detroit Closes its Doors.

IS CITY DEPOSITORY

The Institution Had Deposits of Over Three Million Dollars—State Commissioner Maltz Takes Hold and Makes a Statement.

Detroit, Feb. 10.—The City Savings bank did not open for business this morning. At 9 o'clock the following notice was posted on the door:

"This bank is in the hands of George L. Maltz, banking commissioner."

When asked the reason for the suspension of the bank, State Bank Commissioner Maltz said to the Associated Press:

"Frank C. Andrews, vice-president of the bank and commissioner of police, is the reason. The bank had a total deposits of something over \$3,000,000 and Andrews had more than one-third of this money out on certified checks and overdrafts. There were \$662,000 out on certified checks and \$914,000 in overdrafts. Henry R. Andrews, cashier of the bank, advanced this money to Frank C. Andrews without the knowledge of the directors. They are entirely blameless in this matter. When I learned of the bank's condition I closed it."

County auditors have in the City Savings bank one fund of \$108,044, and a sinking fund balance of \$41,714. County Clerk McGregor has \$22,000 in the bank as register in chancery, the entire fund of the board of education is in the City Savings bank, Cashier H. R. Andrews, of the bank, being treasurer of the board, the estimated amount of this is about \$200,000. Public library fund also in the bank.

Frank C. Andrews has filed a quit claim deed to the City Savings bank on several pieces of valuable property.

Festivities at New Orleans.

New Orleans, Feb. 10.—New Orleans practically suspended business today and turned out more than half its population with a multitude of visitors to receive Rex, king of the carnival and his royal suite. His majesty came up river on the United States steamship Stranger early in the afternoon, with scores of decorated river craft in his wake and amid the thunder of cannon and screeching steam whistles landed at the head of Canal street, where an immense throng of people greeted him. The line of parade through the city was thronged.

Grave of Nathaniel Shipman.

New York, Feb. 10.—Search has been instituted here to discover whether the body of Nathaniel Shipman, the hero of Cooper's famous "Leather Stocking Tales," lies in the churchyard of the First Baptist church in Hoosack Falls. It is firmly believed that the bones of the great trapper are resting here, but the exact whereabouts of the grave cannot be ascertained. The object is to mark the grave with a suitable monument.

Control of Lerol Mines.

Spokane, Wash., Feb. 10.—Men closely in touch with the Lerol Mining company says that Whittaker Wright of London has regained control of the corporation after the bitterest fight known recently in London financial circles. It is declared, however, that Wright has ousted the interests, represented by Henry Bratnober, which lately got control of the Lerol.

Two Miners Killed.

Butte, Mont., Feb. 10.—In a cave-in in the Diamond mine, one of the amalgamated properties, Jerry J. Conroy and Richard Williams were crushed to death. An immense mass of rock weighing over 75 tons fell upon the men burying them completely. When recovered the bodies of both were badly mangled.

Fighting Off Venezuelan Coast.

Willemstad, Feb. 10.—Cannonading has been heard in the direction of the Venezuelan coast. It is believed the Liberator has been engaged with another Venezuelan gunboat. Report of the engagement between the Liberator and the General Crespo appears to be confirmed. It is further asserted that the Crespo sank.

Nora Fuller Was Murdered.

San Francisco, Feb. 10.—The mystery surrounding the murder of 16-year-old Nora Fuller, whose nude body was found in an unoccupied house on Sutter street, remains unsolved. The result of the autopsy has made it practically certain the girl was chloroformed and then strangled.

Thieves Have a Feast.

Chicago, Feb. 10.—Thieves entered the residence of W. B. Leeds, president of the Rock Island railroad, and carried off several hundred dollars' worth of silver. Before looting the place the burglars helped themselves to wine and had a feast in the dining room while the family slept.

Mission in China Burned.

Hong Kong, Feb. 10.—A dispatch from Canton announces that the Berlin missionary societies buildings at Fayen, near Canton, has been burned by an anti-Christian mob. The missionaries escaped.

May Compete at Henley.

New Haven, Conn., Feb. 10.—It is rumored among Yale students and graduates that Yale is considering a proposition to send an eight-oared crew to compete in the Henley races in England.

Ten Men and a Woman Burned to Death at St. Louis.

SOME BADLY INJURED

The Empire Hotel, a Three-Story Lodging House, Takes Fire and Before Assistance Could Be Had the Above Perished.

St. Louis, Feb. 10.—Fire destroyed the Empire hotel, a three-story lodging house on Olive street, occupied by men exclusively Sunday, causing the death of 10 men and 1 woman, and dangerously injured 8 people. Ten or more who had narrow escapes from death in the fire were more or less injured by being frost bitten. It is estimated that there were between 35 and 40 persons in the building and it is believed all have been accounted for. The financial loss is nominal. It is thought that \$20,000 will cover the damage to building and contents, which were destroyed.

The dead are:

Morris Yall, senior member of the firm of Yall, Clark & Cowen, manufacturers of fine cut glass, formerly of Chicago.

Tobe Davis, suffocated.

John C. Lueders, skull fractured in jumping from third story window.

George Thompson, switchman, burned to death.

Sarah Harris, colored, chambermaid, burned.

J. C. Muliton, carpenter, burned.

S. T. Copey, telegraph operator, burned.

Vance Marlin, civil engineer, burned.

A. J. Allen, Sedalia, Mo., stone mason, burned.

Unknown man, who died at city hospital, from burns.

The injured:

Harry Cline, medical student of Marion, Ill., hands badly burned and ankle sprained.

Walter Johnson, hands burned, both legs broken and injured internally.

Henry Robinson, colored night porter, badly burned.

George Lane, medical student of Rich Hill, Mo., ankle sprained in jumping from second story window.

Sturgeon, dental student, back sprained in jumping from second story window.

Harry Thompson, medical student, Nashville, Ill., ankle sprained in jumping from second story window.

J. J. Lally, manager Empire hotel, back badly sprained while escaping from building.

Con. Ryan, burned about face.

About ten or twelve others less seriously injured, being bruised, burned or suffering from exposure.

The fire started about 3:30 a. m., when but few persons were abroad and gained considerable headway before it was discovered and the alarm given. When the engines reached the scene the whole front of the building was in flames and the interior was a seething furnace. By that time all who escaped death had gotten out of the building by jumping from the windows, climbing down ropes made of bedclothes. A few escaped from the ground floor through the front door.

Loss Reduced Two Million.

Paterson, N. J., Feb. 10.—The fierce conflagration which burned its way through the business center of Paterson Sunday has completely spent its force.

Conservative opinions conclude to cut \$2,000,000 from aggregate loss of \$10,000,000 agreed upon Sunday night. Eight million will probably be accepted finally as actual cost of fire.

No tabulation of individual losses that can be accepted as reliable has yet appeared. Before satisfactory figures can be prepared. Equally incomplete is the estimate of insurance. It is stated the insurance amounted to between \$4,000,000 and \$5,000,000, but what gave the basis to the calculation is not clear. Several of the largest losers said they had not yet had opportunity to examine their policies and meantime could not tell what amount they carried.

Probably no fire of equal magnitude and widespread destruction ever produced equally small casualty list. Dozens of firemen and volunteers were slightly injured by falling bricks and timber, burned by firebrands or temporarily overcome by smoke. But only few of them needed either surgical or medical attention. Small casualty list is explained by the fact that people had ample warning and time to abandon their homes before the flames came upon them.

Big Fire at Springfield.

Springfield, O., Feb. 10.—The great East street shops, built by William Whiteley, the reaper king, at a cost of \$2,000,000, was destroyed by fire today, loss over \$1,000,000.

Fire in a Georgia Town.

Elberton, Ga., Feb. 10.—Fire Sunday destroyed nearly all business section of this place. Damage which is estimated at \$100,000. This city has no fire police and the bucket brigades for citizens were of no avail in a fire of 20 degrees and a high wind.

Railroad Pier Destroyed.

New York, Feb. 10.—The pier G of the Lehigh Valley company Sunday morning including damage to \$900.

CHRISTIAN UNITY.

Dr. Mackay Preaches on Such a Text at the Collegiate Church.

New York, Feb. 10.—In his sermon at the Collegiate church, Dr. Donald S. Mackay, talking on "a plea for Christian unity," expressed the belief that this goal can be reached only along the line of interdenominational co-operation. It is a dream, he said, that all christendom can be made one in creed, doctrine and ceremonial. The former plan, however, he considers feasible, and he presented in his sermon a basis on which he thought it could be accomplished.

"At no time has there been such a yearning for united christendom as today. The reformation of the twentieth century—if we live to see it—will be based on the sanctification of collectivism, and one of its dominant features will be the unity of the churches."

"First of all, we must do away with the competition between churches. If there is anything destructive to spiritual life it is such competition. It removes the central idea of the prayer: 'Thy kingdom come'—every time it is said—from Christ, who ought to be the center, to some particular denomination."

Dr. Mackay gave the following conditions as being essential to the consummation of Christian unity: Mutual recognition, mutual forbearance, mutual service and mutual prayer.

AN OLD ABSTRACT.

It Has the Indorsement of Daniel Webster and Rufus Choate.

Paxton, Ill., Feb. 10.—Henry Post of Gilman, Ill., has in his possession an abstract of title that is dated June 18, 1793. An attorney to whom the ancient document was shown, found it had been endorsed as legal by Rufus Choate and Daniel Webster, and he told Mr. Post that it was a valid guarantee of title to the land described therein.

Mr. Post obtained the abstract through having purchased 80 acres of land in Stone county, Missouri. The land was part of a tract of 405,000 acres granted by the Spanish government to Dr. Joseph Valliere, captain of the Eighth regiment of Louisiana in an early Cuban war.

Valliere died in New Orleans in 1799. His heirs joined together and secured the services of Mr. Choate and Mr. Webster to examine and report an opinion upon the validity of the abstract giving title to the big tract.

TRIAL OF PATRICK.

Dr. Loomis Continues His Testimony Which Was Begun Last Week.

New York, Feb. 10.—The trial of Albert T. Patrick, accused of murder of William M. Rice, which was interrupted last week by the illness of a juror, was resumed today.

When the court was adjourned last Tuesday Dr. H. B. Loomis, pathological expert, was on the stand, and his cross examination was continued when court met. On direct testimony he said the condition of Rice's lungs was due in his opinion to the inhalation of chloroform or some like irritant.

The cross examination brought out a number of technical points concerning the effects of chloroform on blood. On re-direct examination the witness said he knew of no natural cause of death that could have caused symptoms shown by autopsies of Rice's body.

CHILI AND PERU

Negotiations to Settle Tacna-Lima May Again Commence.

New York, Feb. 10.—It is said that Chili intends to re-open negotiations with Peru to settle the Tacna-Lima question and to re-open the war of Ancon, which was ended by both governments according to a dispute raised to the Herald of Peace.

It is also said that the Peruvian government is endeavoring to arrange a basis for an amicable representation of Bolivia in construction of a canal in Chili, two, as reported.

Chili has one built in Ensenada, only one built in Ensenada, only one built in Ensenada.

The senate ordered.

10.—The senate after conference on the urgent deficiency has ordered an amendment to the Philippine bill providing for the Philippine promissory note of the United States under the Dingley committee bill provides for state.

Raised on Race Track.

Feb. 10.—At a meeting of the stewards of the Western Club, held here, the disqualification of the executive officers and \$2,000,000, was destroyed by fire today, loss over \$1,000,000.

Dan Harness Dead.

Chillicothe, O., Feb. 10.—"Uncle" Dan Harness, aged 79, owner of the famous racing mare Imp and one of the most prominent citizens, died at his home near this city Sunday.
